

# **2019 ANNUAL REVIEW OF PROCUREMENT ACTIVITIES UNDER THE PROCUREMENT POLICIES AND RULES**

Prepared by

The Procurement Policy and Advisory

Department June 2020

## Executive summary

This report, prepared by the Procurement Policy and Advisory Department (PPAD), reviews public sector procurement contracts signed in 2019, funded and/or administered by the Bank, procured by the Bank's clients and entered into the Contract Review and Award database before the date of generating this report (29 May 2020). A separate section (2.16) covers the procurement activities of the Nuclear Safety Department (NSD).

In 2019, a total of 281 contracts (excluding NSD contracts) were signed by the Bank's clients. The total value of these contracts amounted to € 2.306 million, for which EBRD's own financing represents € 1.625 million. In comparison with 2018, this is a decrease in number of signed contracts (18 per cent) and also a decrease in the total contract value (18 per cent). Due to the fact that client led donor funded consultancy contracts are administered through a legacy IT system and therefore not entered into the Contract Review and Award system (CRA), 92 such contracts for a total value of € 22.7 million are not included in the overall statistics.

The average contract value was € 8.2 million and the average EBRD financing was € 5.8 million per contract. Both figures are similar to the previous year. The largest contract placed was the Engineer, procure, construct, operate and maintain Vasilikos LNG Receiving and Regasification Terminal in Cyprus. This works contract was signed with a value of € 290 million of which EBRD financed € 100 million, with the remaining amount financed by other sources.

As in previous years, the contracts awarded through Open Tendering constitute the majority of contracts representing 83 per cent of the total number of contracts and 71 per cent of the total contract value. The interest of firms to participate in EBRD financed tenders remains at a high level. The total number of tenders submitted in 2019 was 996. Out of these tenders, 79 per cent were submitted by tenderers from EBRD countries of operation resulting in awards of 237 contracts (85 per cent of all contracts) with a total value of € 1.196 billion (52 per cent of the total contract value).

Firms from the following five countries were most successful in terms of highest total contract value, regardless of procurement method: China (€ 639 million), Turkey (€ 247 million), Bosnia and Herzegovina (€ 176 million), Morocco (€ 156 million) and Ukraine (€ 148 million). In total, these contracts represent € 1.366 billion or 54 per cent of the total contracted value.

Cross-border tendering for EBRD financed contracts in countries of operations is at a high level (38 per cent) and 11 per cent of all contracts were won by firms from Countries of Operations competing in other Countries of Operations.

PPAD handled 11 complaints which is a decrease in numbers compared to 2018 (16).

As of 31 December 2019, based on the Bank's commitments at the time, the contract pipeline shows that in the forthcoming four years, the Bank's public sector clients are expected to sign in excess of 1,000 contracts for an amount exceeding € 14 billion (EBRD funding €9 billion).

It should be appreciated that with the relatively small number of contracts that are covered on a yearly basis in this report it is not possible to use this data to analyse trends. Contracting activities will inevitably reflect the investment and volume that the Bank finances rather than more general trends in the market.

Section 2 of this report is based on a revised automated format as explained in Section 1.

## Annual Review 2019

### 1. Introduction

This report, prepared by the Procurement Policy and Advisory Department (PPAD), reviews public sector procurement contracts signed in 2019, funded and/or administered by the Bank and procured by the Bank's clients and entered in the CRA before the date of generating this report (29 May 2020). A separate section (2.16) covers the procurement activities of the Nuclear Safety Department (NSD). This report covers goods, works and consultancy contracts procured and contracted by the Bank's clients, regardless of source of funds.

#### The format of the report

A listing of the contracts that have been entered into the CRA system since the 2018 report can be found in Annex 11.

This report includes a separate annex which covers donor funded consultancy services selected and contracted by the Bank's clients. Due to legacy IT systems these contracts cannot be entered into the CRA and are therefore reported separately from the overall statistics (Annex 12).

The reporting format does not use "frozen" data as the basis for comparison over the years. This means that the historical information (year to year data) from each annual report will in this report show a larger number of contracts than reported in the previous year as historical contracts will continue to be entered into the system. Compared with the 2018 Annual Procurement Review, there are 22 contracts (2018) and 6 contracts (2017) worth a combined total of € 671<sup>1</sup> million, that have been added to this report. The main reason why contracts signed in one particular year are entered into the system after the report is produced, is that contracts are often only submitted to the Bank when the first disbursement for the respective contract is requested or as part of other reporting requirements to the Bank. Especially the acceptance of alternative procurement procedures has highlighted the need for a different format for reporting as these contracts are often submitted to the Bank in one batch for disbursement, sometimes even after the contracts are implemented.

Annexes 1 to 11 of the *Annual Review 2019* contain the statistical data for the public sector contracts signed during 2019. The analysis of this data (excluding contracts listed in Annex 11), as well as the main procurement activities of the PPAD (section 4), can be found in the main body of this report. Sections 1-3 of this report (not section 4) as well as the annexes will be published on the Bank's website.

---

<sup>1</sup> This amount includes one contract for € 631 million signed under the Istanbul Metro II project in 2017, entered into the Bank's system in 2019 upon signing the respective loan. The contract financing was subject to specific approval by the Board.

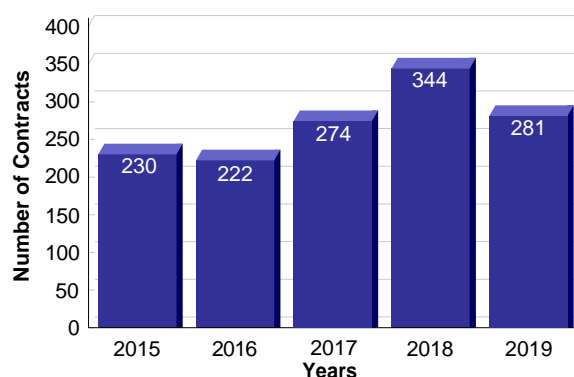

## 2. Analysis of public sector procurement data

### 2.1 Volume and nature of contracts

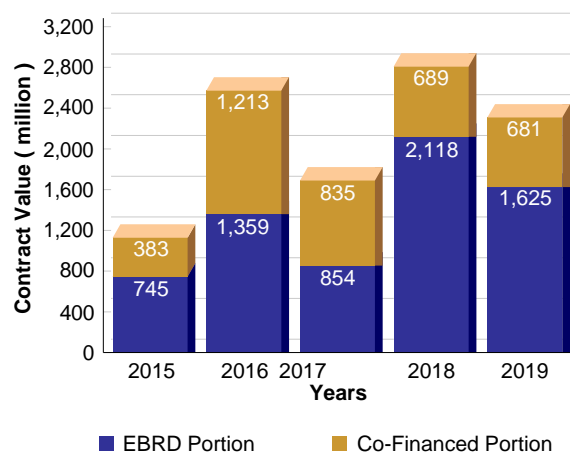

#### 2.1.1 Overview 2019 and five year trend

Number of contracts signed by the Bank's clients (excluding NSD)	281
The total value of these contracts amounted to EBRD financing portion	€ 2.306 billion
Total number of signed contracts compared with last year	€ 1.625 billion
Total value of signed contracts compared with last year	18% decrease
	18% decrease

**Chart 2.1.1a** illustrates the number of public sector contracts signed between 2015 and 2019

**Chart 2.1.1b** demonstrates the overall contract value as well as the portion financed by the EBRD between 2015 and 2019. Over the past five years, a total of 1,351 contracts have been signed with a total value of € 10.503 billion of which the EBRD financed € 6.702 billion.

#### 2.1.2 Co-financing

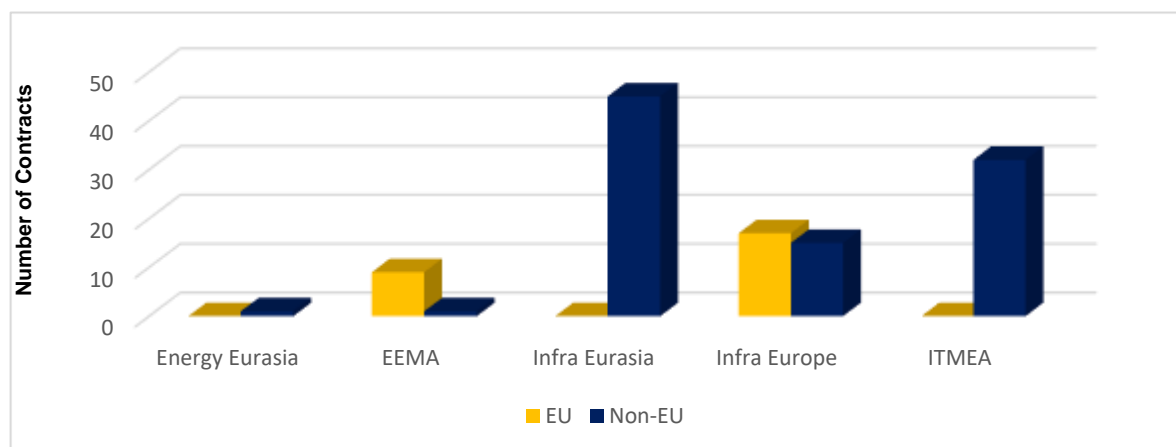

In 2019, the total contract value awarded was € 2.306 billion of which the EBRD financed € 1.625 billion. The balance of € 681 million was provided by other sources, such as other financial institutions (IFIs, EU Agencies, bilateral donors etc.) or by the borrowers themselves. In comparison with 2018 a slight decrease (€ 8 million) of the total value provided by other sources can be noted.

Total value of co-financed contracts (2019)	€ 1.692
Total value financed by other sources	€ 681
Total value of the Bank's financing	€ 1.011
Total value of co-financed contracts (as reported in 2018)	€ 2.118

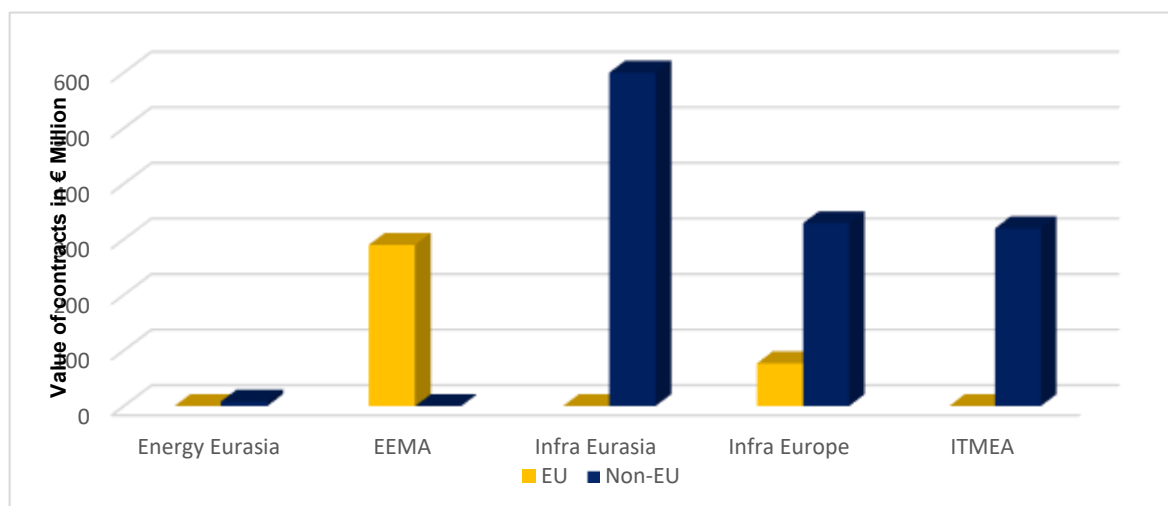

Percentage of total value of contracts (2019)	74%
Percentage of total value of contracts (2018)	60%
Change of share of co-financed contracts (2019 vs 2018)	Decrease 20%
Number of co-financed contracts (2019)	120
Number of co-financed contracts (2018)	165
Percentage of total number of contracts (2019)	43%
Percentage of total number of contracts (2018)	48%
Change of share of co-financed contracts (2019 vs 2018)	Decrease 27%

The charts below present the distribution of the 120 co-financed contracts by Banking teams, in EU member countries and non-EU member countries by number and by value. Co-financed contracts in EU member countries represented 21 percent of the total number of co-financed contracts and 22 per cent of the total value of all co-financed contracts. 94 out of 120 co-financed contracts were signed in non-EU member countries.

**Chart 2.1.2a** illustrates that the team with the highest co-financed contractual activity in terms of the number of contracts was the Infrastructure Eurasia team with 45 contracts.

**Chart 2.1.2b** illustrates that the team with the highest overall co-financed contract value was also the Infrastructure Eurasia team with €600 million, representing 35 per cent of the total co-financed contract value.

## 2.2 Average and largest value contract statistics

### 2.2.1 Average values of all contracts

	2018	2019	Percentage Change
Average contract value (€ million)	8.2	8.2	0
Average EBRD financing per contract (€ million)	6.2	5.8	6 decrease

### 2.2.2 Large value contracts

	2018	2019
Number of contracts with a value above € 10 million but less than € 20 million	13	12
Number of contracts with a value above € 20 million	34	22

The Largest contract by value was for “Engineer, procure, construct, operate and maintain Vasilikos LNG Receiving and Regasification Terminal District Heating” in Cyprus, for a total contract value of €290 million of which €100 million was funded by the EBRD.

## 2.3 Analysis by country of operation

### 2.3.1 2019 analysis

Number of countries of operation with public sector contracting activities: 22

#### The Countries with the highest number of contracts signed:

Rank	Country of Operation	Number of contracts	% of the total contract number in 2019
1	TAJIKISTAN	38	14
2	KAZAKHSTAN	37	13
3	KYRGYZ REPUBLIC	35	12
4	UKRAINE	31	12
5	ROMANIA	26	9
<b>Total:</b>		<b>167</b>	<b>60</b>

#### The Countries with the highest cumulative value of contracts:

Rank	Country of Operation	Value of contracts (€)	% of the total contract value in 2019
1	GEORGIA	319 million	14
2	CYPRUS	290 million	13
3	UKRAINE	281 million	12
4	EGYPT	248 million	11
5	KAZAKHSTAN	246 million	11
<b>Total:</b>		<b>1.383 billion</b>	<b>60</b>

## 2.4 Analysis by type of contract

**Table 2.4.1** gives the distribution of contracts by size and type in 2019. The 119 works contracts represented the largest total value by contract type (70 per cent of the overall contract value) as well as the largest proportion in value financed by EBRD and EBRD administered grants € 1,020 billion out of € 1.620 billion.

Contract Size (€M)	Works	Supply & Installation	Goods	Consultant Services	Total
0~0.3	15	7	46	12	80
0.3~7.5	81	25	37	14	157
>7.5	23	6	15	0	44
<b>Total</b>	<b>118</b>	<b>38</b>	<b>98</b>	<b>27</b>	<b>281</b>
<b>Total Value (€)</b>	<b>1,619,750,766</b>	<b>277,547,678</b>	<b>385,859,550</b>	<b>23,212,252</b>	<b>2,306,370,247</b>
<b>Average Value (€)</b>	<b>13,611,351</b>	<b>7,303,886</b>	<b>3,937,342</b>	<b>892,779</b>	<b>8,207,723</b>
<b>Fund Portion<sup>2</sup> (€)</b>	<b>1,020,136,621</b>	<b>224,077,678</b>	<b>360,896,048</b>	<b>20,324,733</b>	<b>1,625,435,080</b>

**Table 2.4.2** illustrates the most successful firms by their country for each contract type in 2019

Contract Type	Tenderer Country	Share of Overall Value
Works	CHINA	18.0%
Supply & Installation	UKRAINE	23.3%
Goods	SPAIN	24.6%
Consultant Services	ROMANIA	38.4%

## 2.5 Distribution of contracts by award method in 2019

**Table 2.5.1** illustrates that the majority (234) of public sector contracts were awarded through open tender. This represents 83 per cent of the total number of contracts awarded and 71 per cent of the total contract value. As open tendering only applies to goods, works and supply and installation contracts procured in accordance with the Bank's PP&R the public sector contracts awarded through open tendering represent 97 per cent of the number of these contracts and 99 per cent of the total contract value.

Contract Size (€M)	Open	Direct Selection	Competitive	Alternative <sup>3</sup>	Total
0~0.3	67	4	6	3	80
0.3~7.5	127	2	14	14	157
>7.5	40	0	0	4	44
<b>Total</b>	<b>234</b>	<b>6</b>	<b>20</b>	<b>21</b>	<b>281</b>
<b>Total Value (€)</b>	<b>1,636,713,297</b>	<b>2,156,156</b>	<b>22,747,103</b>	<b>644,553,801</b>	<b>2,306,370,247</b>
<b>Average Value (€)</b>	<b>6,994,501</b>	<b>359,359</b>	<b>1,137,355</b>	<b>30,693,038</b>	<b>8,207,723</b>
<b>Fund Portion (€) <sup>1</sup></b>	<b>1,441,374,336</b>	<b>2,156,156</b>	<b>19,859,584</b>	<b>161,845,114</b>	<b>1,625,435,080</b>

<sup>2</sup> Loan and EBRD administered Grants

<sup>3</sup> Alternative procurement is the categorisation given to those contracts for which the Board has granted an exception under paragraph 2.4 of the PP&R from the use of the Bank's procurement procedures. Please refer to the Procurement Policies and Rules edition October 2014 and November 2017, for an explanation of different tender methods.

## 2.6 Level of participation

### 2.6.1 Overview

A total of 996 tenders (from 57 countries) were received during 2019, which is a decrease (-11 per cent) compared with the 1,122 tenders received in 2018. On average, 3.5 tenders were submitted when open tendering procedures were applied (compared with an average of 3.0 tenders in 2018).

Firms from the following five countries were most successful in terms of highest total contract value, winning in total € 1.366 billion or 59 per cent of the overall contract value:

<b>Tenderer Country</b>	<b>Awarded Value</b>
CHINA	€ 639 million
TURKEY	€ 247 million
BOSNIA AND HERZEGOVINA	€ 176 million
MOROCCO	€ 156 million
UKRAINE	€ 148 million

Firms from the following five countries were most successful in terms of number of awarded contracts, winning in total 140 contracts (50 per cent of the total number of contracts) worth €359 million, which represented 16 per cent of the total contract value:

<b>Rank</b>	<b>Tenderer Country</b>	<b>Number of Contracts</b>
1	TAJIKISTAN	35
2	KAZAKHSTAN	31
3	KYRGYZ REPUBLIC	27
4	ROMANIA	25
5	MOROCCO	22

**Table 2.6.2 Distribution of tenderers by country of origin (2019)**

The column “Rate of Success” seen in **Table 2.6.2** provides an indication of the ratio of the award of contracts and the number of tenders submitted by entities from each country.

<b>Tenderer Country</b>	<b>Signed Contract Value (EUR)</b>	<b>% of Total Value Won</b>	<b>Number of Contracts Won</b>	<b>% of Total Contracts Won</b>	<b>Number of Unsuccessful Tenders</b>	<b>Total Number of Tenders</b>	<b>Rate of Success</b>	<b>% of Total Tenders Submitted</b>
ALBANIA	0	0.00%	0	0.00%	10	10	0.00%	1.00%
ARMENIA	0	0.00%	0	0.00%	3	3	0.00%	0.30%
AUSTRALIA	0	0.00%	0	0.00%	1	1	0.00%	0.10%
AUSTRIA	5,063,650	0.22%	4	1.42%	7	11	36.36%	1.10%
AZERBAIJAN	33,569,561	1.46%	3	1.07%	7	10	30.00%	1.00%
BELARUS	30,499,438	1.32%	4	1.42%	4	8	50.00%	0.80%

# 2019 Annual Review of Procurement Activities under the Procurement Policies and Rules

## 2.7 Analysis by origin of tenderer

The following analysis is based on open tendered contracts only:

**Chart 2.7.1a: All submitted tenders**

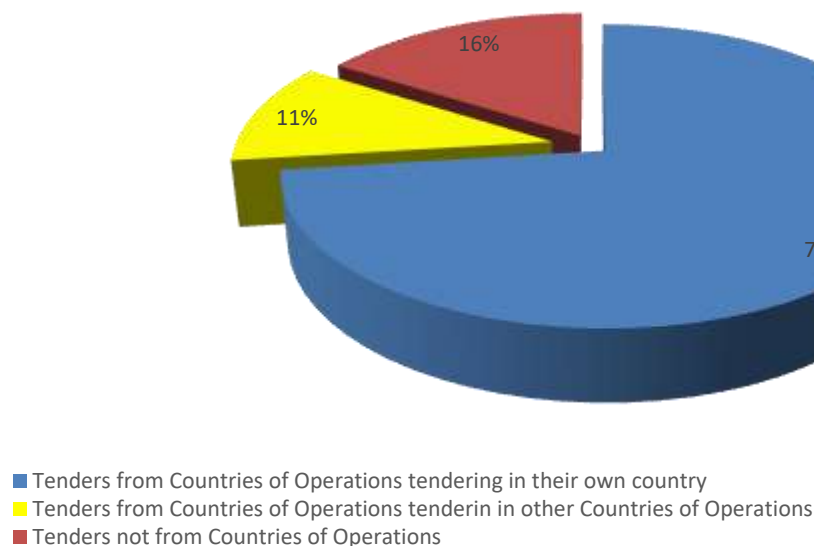

The chart shows that out of the 996 tenders that were submitted, 79 per cent were submitted by tenders from Countries of Operations.

- Tenders from Countries of Operations tendering in their own country
- Tenders from Countries of Operations tendering in other Countries of Operations
- Tenders not from Countries of Operations

**Chart 2.7.1b: All successful tenderers (number of contracts)**

The chart shows that out of the 281 contracts awarded, 73 per cent were won by firms from Countries of Operations tendering in their own country and 11 per cent were won by firms from countries of operations tendering in other Countries of Operations. In total 84% were won by firms from Countries of Operation.

**2.8 Success of entities from countries of operation**

**Table 2.8.1** illustrates the success of firms from countries of operations

	Number of Contracts	Percentage of the total Number	Value of Contracts	Percentage of the total Value
Contracts won by entities from EBRD's countries of operations	237	84%	€ 1.196 billion	52%
Contracts won by entities from EBRD's countries of operations in their own country	207	74%	€ 842 billion	37%
Contracts won by the entities from EBRD's countries of operations in a country which is not their country of origin	30	11%	€ 354 million	15%
Contracts won by the entities from EBRD's countries of operations in their own countries only (list of countries below)	143	51%	€ 513 million	22%

In 2019, firms from the following 11 countries of the Bank Countries of Operations won contracts only in their own country. These countries were:

EGYPT

GEORGIA

JORDAN

KYRGYZ REPUBLIC

MOROCCO

NORTH MACEDONIA

ROMANIA

SERBIA

TAJIKISTAN

UKRAINE

UZBEKISTAN

## 2.9 Public sector procurement under sub-sovereign projects

		Percentage of total contracts	Compared to previous year
Number of contracts under sub-sovereign projects	109	29	23% decrease
Value of contracts under sub-sovereign projects (€ million)	362	16	69 % decrease

## 2.10 Alternative procurement

Alternative procurement is the classification given to those contracts which are co-financed with other International Financial Institutions and for which the Board has granted an exception under paragraph 2.4 of the PP&R from the use of the Bank's procurement procedures. In such cases, these contracts are procured under rules and procedures applicable to the co-financing institution as well as subject to acceptable alternative monitoring procedures, as set out in the request for exception approved by the Board. In 2019, alternative procedures were applied in the following four countries: Bulgaria, Cyprus, Georgia, Romania.

Number of contracts	21
Total value	€ 644,553,801
EBRD funded portion	€ 161,845,114
Average EBRD financing	25%
Largest contract	€ 289,559,212

## 2.11 Annexes covering 2019

### Country and sector tendering analysis

**Annex 1** provides a breakdown by country of operation of all contracts signed during 2019 (excluding NSD funded contracts) showing the winning tenderer and participating tenderers.

**Annex 2** provides the total value of contracts signed in 2019, distributed by type and by country of origin of the winning firms.

**Annex 3** presents the level of interest generated by business sector in the respective countries of operation for 2019

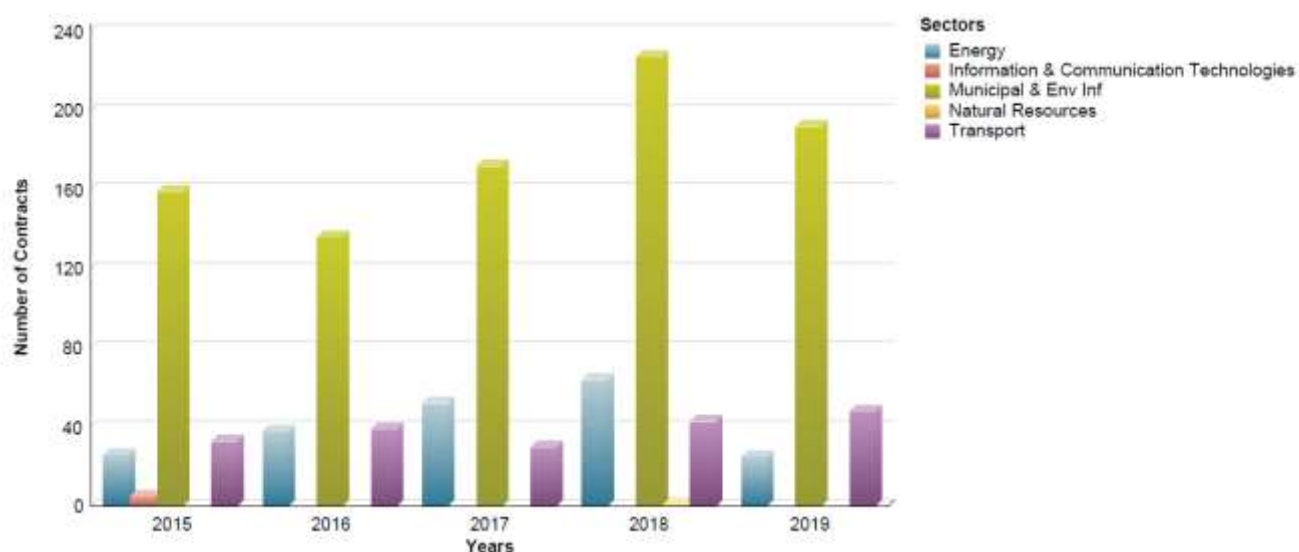

**Annex 4** presents the distribution of tenders submitted by country of origin of the tenderers and by country of operations for 2019

**Annex 5** presents the distribution of submitted tenders by country of origin of the tenderers and by business sector for 2019

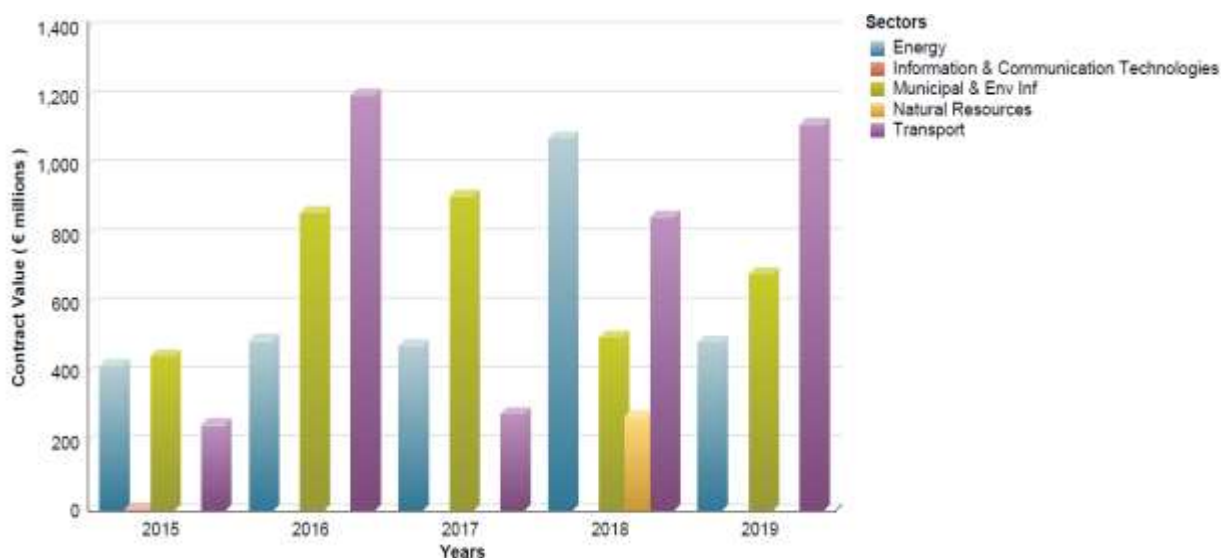

**Annex 6** awards by country of origin of the tenderers (Value by Procurement Method).

## 2.12 Analysis by sector 2015 - 2019

**Chart 2.12.1a** illustrates the overall number of public sector contracts signed between 2015 and 2019 by business sector. With a total number of 887 contracts, with the MEI sector having the highest contracting activity.

**Chart 2.12.1b** illustrates the overall contract value of public sector contracts signed between 2015 and 2019 by business sector. The Transport sector recorded the highest contracting activity with € 3.710 billion over the past five years.

## 2.13 Cumulative 2015 - 2019 data overview

The below information shows the countries with the highest total value of contracting over the past five years in descending order.

Country of Operations	Awarded (€)
UKRAINE	1.584billion
TURKEY	1.292billion
KAZAKHSTAN	975 million
MOROCCO	915 million
ROMANIA	763 million
<b>Overall - Total</b>	<b>5.529 billion</b>

The contracts in these five countries amounted to € 5.529 billion, which represented 53 per cent of the overall total contract value of the past five years (€ 10.503 billion).

**In the period 2015 to 2019 no public sector contracts were reported in:**

### Country of Operation

ESTONIA  
GREECE  
HUNGARY  
LATVIA  
LEBANON  
LITHUANIA  
POLAND  
SLOVAK REPUBLIC  
TURKMENISTAN  
WEST BANK AND GAZA

Tenderers from TURKEY have been the most successful over the last five years as they have won a total of € 2.266 billion or 22 per cent of the overall contract value. During the past five years the countries with the highest total amount of contract value were, in descending order:

Rank	Tenderer Country	Total Contract Value Awarded (€)
1	TURKEY	2.266 billion
2	CHINA	955 million
3	MOROCCO	898 million
4	UKRAINE	674 million
5	ITALY	563 million

The contracts won by firms from these five countries amount to € 5.355 billion which represented 51 per cent of the overall total contract value for the past five years.

According to the country of origin of the firms, out of the 1,351 contracts administered by EBRD the highest numbers of contracts were awarded to firms from:

Rank	Tenderer Country	Number of Contracts
1	ROMANIA	153
2	KAZAKHSTAN	143
3	TAJIKISTAN	140
4	MOROCCO	103
5	KYRGYZ REPUBLIC	76
5	UKRAINE	76

The number of contracts won by firms from these five countries is 691, which represented 51 per cent of the overall total contract count for the past five years.

## 2.14 Listing of annexes with accumulated data 2015 - 2019

**Annex 7** provides a distribution by country of origin of the successful tenderers and the value of contracts signed for the period 2015 – 2019

**Annex 8** provides the same breakdown but on the basis of the total number of public sector contracts won and signed in the period 2015 - 2019

**Annex 9** provides public sector contract awards in the countries of operation by value

## 2.15 Contract award process

### 2.15.1 Public procurement postings

**Table 2.15.1** illustrates the data regarding the public procurement opportunities posted on the Bank's Internet site and the EBRD procurement portal (ECEPP). It should be noted that the procurement notices were also sent to the United Nations Development Business for posting in the MDB business opportunity section as well as to the EU for publishing in the Official Journal of the European Union.

Year	General Procurement Notices	Invitations for Expressions of Interest	Invitations to Prequalify	Invitations for Tenders	Total
2015	126	22	9	159	264
2016	96	29	21	247	316
2017	122	23	11	242	398
2018	103	44	19	199	398
2019	127	66	23	193	409

In 2019, the Bank published a total of 409 procurement notices. Out of 127 general procurement notices published, 91 were for new projects.

## 2.16 Nuclear Safety Department

The EBRD manages 7 nuclear safety Funds with over €4 billion in pledged contributions. Each Fund is governed by specific provisions as set out in the Rules of the Fund approved by the respective Assembly of Contributors and by the EBRD Board of Directors. The Funds are managed by the Nuclear Safety Department (NSD) on behalf of the contributing countries. Procurement under the Funds must follow the EBRD's PP&R for public sector projects.

	<b>2019</b>	<b>Compared to the previous year</b>
Number of contracts signed	22	decrease 8%
Value of contracts signed (€ million)	56	decrease 54%

**Table 2.16.1** illustrates the distribution of NSD administered contracts by size and type.

<b>Contract Size (€M)</b>	<b>Works</b>	<b>Supply &amp; Installation</b>	<b>Goods</b>	<b>Consultant Services</b>	<b>Total</b>
0~0.3	0	1	2	4	7
0.3~7.5	7	2	1	1	11
>7.5	1	2	0	0	3
<b>Total</b>	<b>8</b>	<b>5</b>	<b>3</b>	<b>5</b>	<b>21</b>
<b>Total Value (€)</b>	<b>23,629,019</b>	<b>29,307,014</b>	<b>649,030</b>	<b>2,722,473</b>	<b>56,307,537</b>
<b>Contract Type as % of Total Value</b>	<b>42%</b>	<b>52%</b>	<b>1%</b>	<b>5%</b>	<b>100%</b>
<b>Average Value (€)</b>	<b>2,953,627</b>	<b>5,861,403</b>	<b>216,343</b>	<b>544,495</b>	<b>2,681,311</b>

The largest contract by value was for “Construction of a new 400kv OHTL from Plovdiv to Maritsa East under the Kozloduy IDSF - Grant in Bulgaria, for a total contract value of €17.8 million awarded to a Romanian contractor.

**Annex 10** Contracts placed under Nuclear Safety managed funds during 2019

### 3. Compliance and integrity

#### 3.1 Procurement Complaints

The Bank's role in a procurement complaints review process is to determine if the client has followed the agreed procedures, or not. Should the Bank consider that the Bank's client has, in a material way, not followed the agreed procedures it may decide not to finance the subject contract, and may reduce the amount of financing provided by the Bank by the corresponding amount in accordance with Section III, Article 2.12 of the PP&R. It should be noted that a determination by the Bank to uphold a procurement complaint might impact on the availability of Bank funding for the contract, but may not alter the outcome of the tender process.

The Bank adopted a new Procurement Complaints Directive with effect of 1 June 2019. The most material changes that were introduced included the following:

A procurement complaint will only be considered if filed by or on behalf of a participant in a procurement process after the deadline for submission of:

- (a) In respect of Goods and Works tenders, a prequalification application, a first stage technical proposal or a final tender;
- (b) In respect of Consultancy services, an expression of interest, a technical proposal or a final proposal.

Furthermore, procurement complaints will only be considered by the Bank if

- (a) the complaining participant has requested and received a debriefing by the client;
- (b) the complaint is set forth in the format of the EBRD Procurement Complaints Form, duly completed, accompanied by relevant documents, and submitted via the Bank's procurement complaints portal; and
- (c) the complaining participant has provided reference(s) to the paragraph(s) or section(s) of the tender documents that are alleged to have been violated and has described the substantive nature of the issues raised.

Complaints that are received by the Bank in any other form or through any other communication channel will not be considered by the Bank and will be forwarded to the client for its review and response.

Any issues related to the procurement process applied or the respective procurement documents issued that are submitted to the Bank before the deadline for submission of documents are considered as a "Request for Bank Procurement Review" and not as procurement complaints.

As a consequence of the above changes, there is no need to distinguish between "Procurement Complaints" and "Procurement Concerns" as reported on in previous Annual Procurement Reviews.

PPAD handled 11 procurement complaints for Bank financed or administered contracts during the course of 2019, as compared with the 16 procurement complaints in 2018. For reference, the following number of contracts was awarded under the Bank's PP&R, under which participants in the respective procurement processes are eligible to submit procurement complaints to the respective clients and the Bank. There were 281 contracts signed under public sector projects and 22 under the nuclear safety funds, 2,385 consultancy contracts, funded from Bank administered TC funds and from the Bank's own budget.

**Table 3.1.1** illustrates the number of complaints/concerns 2015-2019 by contract type and procurement method

Contract type	2015	2016	2017	2018	2019 <sup>4</sup>
<b>Works</b>	3	8	8	9	6
<b>Goods</b>	3	6	9	3	2
<b>Supply and Installation</b>	5	10	7	2	1
<b>Commodities</b>	0	1	0	0	0
<b>Services</b>	0	0	0	0	0
<b>Consultancy (administered by PPAD)</b>	0	2	2	1	2
<b>Consultancy (administered by Podd)</b>	2	3	0	2	0
<b>Total</b>	<b>13</b>	<b>30</b>	<b>26</b>	<b>16</b>	<b>11</b>

<sup>4</sup> Procurement complaints only, due to classification in Procurement Complaints Directive of 1 June 2019

## Summary of all complaints

The complaints/concerns raised by unsuccessful entities in 2019 varied in nature. The following issues were raised:

- Challenging the Client's decision to disqualify a tenderer on technical grounds;
- Challenging the qualification of the lowest priced tenderer;
- Allegation that the winning tenderer did not fulfil the requirements of the tender documents;
- Challenging the client's decision not to shortlist a company;
- Contract award by the client on conditions not permitted by the tender documents;
- Client's mishandling of the tender opening.

In terms of the duration of the review of complaints, five cases could be finalised within a period of less than five months, while three complaints could only be closed up to six and nine months respectively after receipt by the Bank.

The complaints closed in 2019 were related to MEI (two), Transport (two), Power & Energy (two), Nuclear Safety (one) and ERCAA (one) projects.

The following section provides a summary of the eight complaints that were closed in 2019. The information provided includes the nature, the business sector and the outcome of the complaint process for each of these complaints. Seven of the eight complaints were not upheld by the Bank. The review of one of the complaints was closed by the Bank, as the client had cancelled the tender exercise subsequent to the receipt of the complaint.

## Complaints by nature and by business sector<sup>5</sup>

### 1. Project: Kazakhstan: Shalkiya Zinc: Pre-Privatization Loan

<i>Country of Originator:</i>	Kazakhstan
<i>Contract Amount:</i>	€11.3 million
<i>Timeline:</i>	< 6 months

#### *Nature of Complaint:*

The complaint concerned the non-shortlisting of a consultancy company for the invitation to submit proposals (second stage of a two-stage open competitive selection) for project implementation support services, on the grounds of improper justification. Furthermore, the complainant objected to the shortlisting of two companies, on the grounds of lack of required permits; conflict of interest; breach of the alleged restriction on including more than two consultants from the same country.

#### *Outcome of the Complaint Review Process:*

It was determined that during the technical evaluation of the complainant's expression of interest, the client had exercised appropriate discretion in the evaluation of the complainant's expression of interest; that the composition of the shortlist complied with the provisions of the EBRD's Procurement Policies and Rules; that the review of the licensing and certification of the participants at the stage of shortlisting complied with the procurement documents and applicable regulation; and that the shortlisted consultants were not affected by an acute conflict of interest. Based on the analysis, the Bank concluded that the allegations made by the Complainant were unfounded, and decided not to uphold the complaint.

### 2. Project: Bosnia and Herzegovina: BH Corridor Vc 2

<i>Country of Originator:</i>	Azerbaijan
<i>Contract Amount:</i>	€67.4 million
<i>Timeline:</i>	< 4 months

#### *Nature of Complaint:*

The complaint related to the works contract for the construction of Section 2 - Donja Gracanica -Zenica North-Zenica Tunnel. One of the participating tenderers complained about the client's rejection of their tender. The complainant believed that the client's rejection of their tender was unfounded. The complainant also alleged that

---

<sup>5</sup> Complaints closed during 2019, presented in chronological order as received by the Bank

the client had misled the Bank and requested the Bank to review the client's actions and to reinstate the evaluation process.

*Outcome of the Complaint Review Process:*

The Bank commissioned an independent consultant to review the client's tender evaluation report from a technical point of view. Based on its review, the consultant concluded that the technical non-conformances in the complainant's tender submitted were considered to be material deviations. Consequently, and in accordance with the instructions to tenderers, the tender was considered to be substantially non-responsive to the tender requirements and the client was entitled to reject the tender. Based on the analysis, the Bank concluded that the allegations made by the Complainant were unfounded, and decided not to uphold the complaint.

### **3. Project: Ukraine: Hydro Generation Rehabilitation Programme**

<i>Country of Originator:</i>	Ukraine
<i>Contract Amount:</i>	€12.6 million
<i>Timeline:</i>	< 5 months

*Nature of Complaint:*

This procurement complaint related to an open tender, divided into 5 lots, for the procurement of 10 transformers and related services. The client had considered the Complainant as substantially non-compliant with the technical requirements of the tender documents due to material deviations for all 5 lots. The Complainant considered the rejection of its submitted tenders for lots 1-4 on the basis of material non-compliance with the conditions of the tender documents as "illegal" and requested the cancellation of the tender award by the client.

*Outcome of the Complaint Review Process:*

The analyses undertaken and evidence provided by the client and the Bank's technical Consultant confirm the following:

- a) the technical requirements of the tender documents, as referenced by the Complainant, had been met by the lowest evaluated substantially responsive tenderer for all five Lots, as determined by the Client; and
- b) the Complainant's tender was rightfully rejected due to its material non-compliance with the technical requirements of the tender documents.

On this basis, the Bank decided not to uphold the complaint.

### **4. Project: Ukraine: GrCF - Lviv Solid Waste**

<i>Country of Originator:</i>	Portugal
<i>Contract Amount:</i>	€23.5 million
<i>Timeline:</i>	< 5 months

*Nature of Complaint:*

The complainant disagreed with the outcome of the prequalification for the construction of the municipal solid waste mechanical and biological treatment facilities (Phase 1) in Lviv, for which their application had been rejected. The complainant believed that the rejection was unjustified on the grounds that the client had used a criterion, which had not been specified in the prequalification documents as the basis for rejection. Moreover, given that the rejection had concerned the specific experience criterion, the complainant provided information in respect of the successful implementation of contracts, similar to the one which had been subject to the prequalification.

*Outcome of the Complaint Review Process:*

In its review of the complaint, the Bank established that the complainant had not met one of the qualifying criteria concerning the demonstration of relevant experience, which was considered to be material. Consequently, the Client had acted correctly in rejecting the complainant's tender. Based on the analysis, the Bank decided not to uphold the complaint.

## 5. Project: Slovak Republic: Bohunice International Decommissioning Support Fund

*Country of Originator:* India  
*Business Sector:* Nuclear Safety  
*Contract Amount:* €38.9 million  
*Timeline:* < 5 months

### *Nature of Complaint:*

The complaint concerned the open tender for, inter alia, the design, manufacture, assembly and acceptance testing in the manufacturer's workshop, as well as the transportation to site, unloading, temporary storage, erection, interface coordination, adjusting, settling, identification, commissioning and acceptance testing, trial operation and making good all defects during the defects notification period and all required electro-mechanical systems for the Double 400 kV OHL Križovany - Bystricany, mainly consisting of the supply and installation of a new 400kV double circuit over-head line of approximately 80 (eighty) km, new 400kV towers and OPGW, and earthworks. The client had declared the complainant's tender as non-responsive, on account of (a) lack of a plan to ensure that key personnel was fully certified under applicable Slovak requirements in a timely fashion, and (b) the complainant had not explicitly ruled out the use of a technical solution which is not compliant with applicable (Slovak) regulations. The complainant contested the client's determination to reject their tender.

### *Outcome of the Complaint Review Process:*

The Bank established that the client's grounds for declaring the complainant's tender as non-responsive were material. Consequently, the Bank decided not to uphold the complaint.

## 6. Project: Ukraine: Pan-European Corridors

*Country of Originator:* Turkey  
*Contract Amount:* €12 million  
*Timeline:* < 6 months

### *Nature of Complaint:*

The procurement complaint related to an open tender for the construction of Traffic Interchanges on road M05 Kyiv - Odessa: km 15+390, km 21+847, road M06 Kyiv - Chop: km 21+767.

The client had issued the Letter of Acceptance ("LOA") for the award of the contract to the complainant and through the LOA increased the amount of the Performance Security from 10% to 20% of the Accepted Contract Amount and established a credit rating for the bank which will issue the Performance Security. The Complainant had accepted to increase the amount of the Performance Security as requested by the client. However, the client did not approve the bank proposed by the Complainant and annulled the Contract award. The complainant claimed that the annulment of the contract award by the Client was in breach of the tender documents as well as the contract conditions and requested EBRD's intervention.

### *Outcome of the Complaint Review Process:*

Subsequent to the submission of the complaint, the client informed the co-financiers, EBRD and EIB, of their decision to cancel the tender on the basis that implementation of the works under the tender was no longer possible during the terms of the loan agreement. As the tender was cancelled, the Bank closed the review of this case.

## 7. Project: Ukraine: UPTF: Kharkiv Trolleybus

*Country of Originator:* Belarus  
*Contract Amount:* €11.5 million  
*Timeline:* < 9 months

### *Nature of Complaint:*

The complaint concerned the tender for the supply of low-floor 12m two-axle trolleybuses, a set of mandatory spare parts and consumables, a set of workshop tools and equipment for maintenance and repair of trolleybuses and related services. The complainant alleged that (1) at tender opening, it had not been confirmed that all tenders had been received sealed, and there might have been a substitution of tenders; (2) that there might have been a

substitution of tenders when the tender documents had allegedly been seized by the Ukrainian law enforcement authorities; (3) that the second-ranked tenderer had failed to declare current or past litigation or arbitration proceedings not in favour of the tenderer, and should have been disqualified; (4) that the winning tenderer's, as well as second ranked tenderer's' tender had been afflicted with an omission, assessed by the client to be non-material, but which should have been considered material.

#### *Outcome of the Complaint Review Process:*

The Bank's analysis concluded that none of the complainant's allegations were substantiated. Based on this outcome, the Bank decided not to uphold the complaint.

### **8. Project: Bosnia and Herzegovina: ISO - EMS, SCADA and IT upgrade**

*Country of Originator:* France  
*Contract Amount:* €2.3 million  
*Timeline:* < 1 months

#### *Nature of Complaint:*

This procurement complaint related to a tender for the establishment of a new SCADA system and back-up control centre. Following notification that its tender was unsuccessful, the complainant alleged irregularities in the tender evaluation and contract award process. Specifically the complainant alleged that: a) the client had not announced all prices, which were to be taken into account in the tender evaluation process at the public tender opening; b) the client had not evaluated all tenders on a like-for-like basis, and c) the tender evaluation, and subsequent debriefing processes, lacked transparency.

#### *Outcome of the Complaint Review Process:*

The Bank decided not to uphold the complaint on the grounds that the client had fully complied with all relevant requirements of the tender documents and the Bank's PP&R.

### **3.2 Prohibited practices**

The Agreement Establishing the European Bank for Reconstruction and Development expressly provides that the Bank must take all necessary measures to ensure that the proceeds of its financing are used solely for the purposes for which such financing was granted. To this end, OCCO investigates and, if appropriate, recommends sanctions for corrupt, fraudulent, coercive, collusive and obstructive practices, theft, and misuse of Bank resources or Bank assets (Prohibited Practices) pursuant to the Bank's Enforcement Policy and Procedures (EPPs).

In 2010, the Agreement for Mutual Enforcement of Debarment Decisions (AMEDDD) was signed by the African Development Bank Group, the Asian Development Bank, the Inter-American Development Bank Group, the World Bank Group and the Bank pursuant to which it was agreed that these Mutual Enforcement Institutions would recognise each other's debarment decisions by cross-debarment of the same entities and individuals if specific conditions are met. Entities (and their affiliates) or individuals are ineligible to become the Bank's counterparty in any new Bank project if - in accordance with the EPPs - it is determined that (a) they have engaged in any Prohibited Practice in the context of a Bank project or Bank assets, (b) they are subject to a Third Party Finding, or (c) they are subject to a debarment decision by a Mutual Enforcement Institution.

In 2019, one enforcement proceedings resulted in the debarment of one entity for a period of six years and one enforcement proceedings resulted in the debarment of two individuals for a period of five years. For three enforcement proceedings a decision is expected in 2020. Additionally, in 2019, one entity was temporarily suspended from being awarded an EBRD-financed contract pending the completion of the OCCO investigation.

In 2019, in accordance with the AMEDDD, the Bank cross-debarred 281 entities and 56 individuals and requested the cross-debarment of one entity and one individual, which have been subsequently cross-debarred.

Entities and individuals (cross-) debarred by the Bank are ineligible to be awarded Bank-funded contracts during the (cross-) debarment period. On its website the Bank publishes all entities and individuals it (cross-) debarred over the years (<http://www.ebrd.com/ineligible-entities.html>).

PPAD and OCCO work closely together in relation to public sector procurements. The Procurement Function refers potential Prohibited Practices matters to OCCO, provides information on Bank-financed procurement projects to OCCO if required for its investigation, and shares its knowledge and experience about procurements

with OCCO. In addition, following the conclusion of its investigations, OCCO shares any relevant lessons learned with PPAD to further strengthen the Bank's procurement processes.

### **3.3 Independent procurement reviews**

Independent Procurement Reviews (IPRs) are carried out with the view to strengthen the ability of the Bank to fulfil its fiduciary obligation with regard to the oversight of procurement and contract implementation, to complement the prior and post review procedures applied, and to inform the Bank's management of the quality of the Bank's fiduciary work on procurement. The projects or issues for IPRs are selected based on: the relevance of the project or the issue reviewed to the Bank's likely future operations and lessons-learned potential.

#### **1) Morocco: ONE-Rural Electrification and Smart Metering (OPID 44057)**

An EBRD loan of up to EUR 60 million in favour of the Office National de l'Électricité et de l'Eau Potable (ONE), a state-owned utility company incorporated in the Kingdom of Morocco. The loan finances (i) the completion of the rural electrification programme connecting 1,500 remote villages via LV and MV infrastructure to the country's electricity network, and (ii) a pilot smart metering project to prepare for the deployment of decentralised renewable generation.

The Bank selected a senior procurement consultant, who unfortunately suffered a long lasting illness and in spite of PPAD waiting for the final report it could never be produced.

#### **2) Adequacy of Terms of Reference in MEI Consultancy Assignments Led by Clients**

PPAD has engaged a senior independent procurement consultant to carry out an IPR of the Terms of Reference documents (ToR) of selected MEI consultancy assignments to assess their fitness for purpose with respect to the needs and expectations of the Bank and its clients. The consultant is further tasked to identify related issues and recommend methods for quality improvement. The ultimate objective of this assignment is to develop unique forms of ToR for repetitive consultancy assignments.

The report and standard ToR were finalised in 2019, and are now available for the clients to use.
